SUMMARY

4th-year BS Computer Science student at the University of the Philippines Visayas. Full-stack engineer shipping web and mobile (Flutter) apps with real users — including a deployed campus information system, a faculty consultation platform, and a multi-module QR phishing analyzer.

EDUCATION

BS Computer Science (Expected May 2026) · University of the Philippines Visayas

Iloilo, Philippines · Aug 2022 – Present

- Coursework: Data Structures & Algorithms, Software Engineering, Databases, Web Development, Networks, Operating Systems.

PROJECTS

BNHS-CIS-Web – Campus Information System · bnhs-cis-web-9azw.vercel.app ·

github.com/colasnido/BNHS-CIS-Web

Solo developer · 2025 – 2026

- Designed and deployed a full-stack school information system for Badiang National High School with role-based admin, faculty, and student dashboards, three layers of authorization (layout guards, service checks, Firestore rules), and Zod-validated CSV bulk import — Next.js 16, React 19, TypeScript, Firebase, Tailwind CSS, on Vercel.

UPV OATS – Online Appointment Tracking System · github.com/colasnido/UPV-OATS

Backend developer · 2025

- Built a real-time consultation-scheduling platform for UPV students and faculty with a request / approve / reschedule workflow synced through Firestore — Next.js, TypeScript, Firebase.

QRadar – QR Phishing Defense (Cross-platform) · github.com/colasnido/QRadar

Solo developer · 2025

- Engineered a Flutter app that classifies QR-encoded URLs as Safe / Suspicious / Malicious by combining four security modules (lexical, domain metadata, redirect chain, SSL/TLS); tuned against a 100-URL evaluation dataset.

Fishernet – Fisherman's Digital Logbook · github.com/colasnido/Fishernet

Solo developer · 2024

- Built a PHP/MySQL web dashboard replacing paper logbooks — catch logs, equipment maintenance, fishing zones, and market prices on a 6-table normalized schema with session-based auth.

EXPERIENCE

Web Developer (Student Volunteer) · Badiang National High School

Anda, Bohol, Philippines · Apr 2026 – May 2026

IT Support Intern · IBX Global Solutions Inc.

Bohol, Philippines · Jul 2025 – Aug 2025

- Resolved customer service tickets across billing, account, and technical concerns using internal CRM and ticketing systems — averaging 5 tickets/shift.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, PHP, Dart, HTML, CSS, SQL, C / C#

Frameworks & Libraries: React, Next.js, Flutter, Tailwind CSS, Zod

Backend & Cloud: Firebase (Auth, Firestore, Storage), Firebase Admin SDK, MySQL, Vercel

Tools & Practices: Git / GitHub, REST APIs, Responsive design, Accessibility, Playwright, ESLint
